SPEECH BUBBLES

Create custom stickers

About Speech bubbles -Create custom stickers

Speech Bubbles is an app that helps iMessage users create their own custom stickers, making their conversations stand out.
The app offers an ever-growing variety of bubbles and artwork to choose from. Users type their messages setting the font style and color palette of their liking.

Several layes of text can be added, using different styles and colors, and zooming or rotating them one at a time to achieve the desired effect.

Download on the App Store

SPEECH BUBBLES

Create amazing custom stickers.

Write your message.
